

PRECISION GRANITE[®] **USA**

has been providing precision granite metrology products to companies worldwide including many government facilities since 1984.

PRECISION GRANITE[®] **USA**

is proudly certified to ISO 9001 and is accredited by the prestigious A2LA body to ISO/IEC 17025 and meets requirements of ANSI/NCSL Z540-1.

PRECISION GRANITE[®] **SURFACE PLATES**

are made of black granite which is stronger and denser than light colored granite, is more stable, and wears longer. The granite properties determine the stiffness of the granite therefore accuracies can be guaranteed with less thickness than other types of granite. This translates to less freight and handling costs whenever the plate is shipped or moved. Our standard sizes are on our price lists. We have capabilities to manufacture almost any size requested.

PRECISION GRANITE[®] **USA**

surface plates are manufactured to meet or exceed the tolerances specified by Federal Specification GGG-P-463c and ASME B89.3.7-2013 guaranteeing both overall surface flatness and repeat gage measurement accuracy.

PRECISION GRANITE[®] **USA**

accuracies are ensured by using test equipment calibrated and traceable to N.I.S.T. and/or other national or international calibration standards.

PRECISION GRANITE[®] **USA**

standard "Calibration Certificate" is included with granite plates and accessories. ISO/IEC 17025 accredited calibration certificates are available on request.

With **PRECISION GRANITE**[®] **USA**

you can depend on excellent quality, high accuracies, and quick delivery.

The only granite manufactured in the USA with the
PRECISION GRANITE[®] trademark.

STEEL SUPPORT STANDS

WITH A 3-POINT SUSPENSION

STATIONARY "BOX" DESIGN

STATIONARY STANDS include leveling bolts on the bottom of each leg.

STATIONARY "20%" DESIGN

CASTERED "BOX" DESIGN

To minimize plate sag and warp, three fixed support points are recommended by ASME B89.3.7-2013 and Fed Spec GGG-P-463c.

PRECISION surface plates are marked on the bottom of the plate to coincide with the supports on the top of the stand. Aligned with each other they uphold the accuracy of the plate.

PRECISION standard stands are manufactured to support the weight of the surface plate plus 50 pounds per square foot load.

Stands are made for each plate to meet a 36" working height unless specified otherwise.

We use a machinery gray paint to finish and protect the stand.

Powder coat paint finish or custom colors are available for an additional charge.

Our **Surface Plate Covers** are made of vinyl; durable on the outside, soft on the inside. Prices are on our Surface Plate price list.

STAND TYPES FOR STANDARD PLATES

Stationary	12" x 18" to 36" x 36"	Box design
Castered		Box design
Stationary	30" x 48" or Larger	20% design
Castered	30" x 48" or Larger	Box design

Stands are custom orders. Please ask for our stand ordering form (4501) to facilitate manufacturing the best fit to your plate.

CUSTOM STANDS

Stands can be manufactured to your drawings and specifications. If you need assistance, please contact us.

PRECISION PROTECTIVE CLEANER

Penetrates the granite surface to loosen dirt, grime and residues. It leaves the surface clean, which cuts down wear on precision surfaces. Sold in pint size squeeze bottles.

PEDESTALS AND LEVELING JACKS

For maximum support on large plates, an economical solution is a pedestal and leveling jack system. The granite pedestals are custom made to meet the required working height. The adjustable wedge jack between the pedestal and plate provides for leveling.

STAND SPECIFICATION FORM

required only when ordering a stand for customer's existing plate

STANDS FOR GRANITE SURFACE PLATES

BEFORE WE CAN PROCESS YOUR ORDER, WE MUST HAVE THE FOLLOWING INFORMATION:

- TYPE OF STAND
- STATIONARY
- CASTERED WITH LOCKS

STANDARD WORKING HEIGHT OF THE STAND IS **36" OVERALL**
Measured from the top of the plate to the floor

IF TALLER STAND IS REQUIRED, ADD \$10.00 PER INCH OVER 36"

IF SHORTER STAND IS REQUIRED, NO EXTRA CHARGE

DESIRED WORKING HEIGHT: _____"

STANDS ARE CUSTOM ORDERS. THEY CANNOT BE RETURNED. PLEASE MEASURE CAREFULLY!

- TYPE OF PLATE
- 0-LEDGE
- 2-LEDGE
- 4-LEDGE

LENGTH AND WIDTH OF TOP OF PLATE
_____ X _____

TOTAL OVERALL THICKNESS OF PLATE

FOR PLATES WITH 2 OR 4 LEDGES,
LENGTH AND WIDTH OF BOTTOM OF PLATE
_____ X _____

BRAND/MANUFACTURER OF PLATE* _____

*If brand/manufacturer is unknown, we will manufacture to industry standard.

NOTE: For Starrett Brand, state when manufactured: before year 2008 year 2008 or after

Add 15% to price of stand for Starrett Brand Plates that were manufactured before year 2008 due to uncommon four supports on bottom of plate.
